		This will enable the School to broaden the curriculum and engage more children with new activities. Hopefully this will lead to children representing the School in new activities & a higher % children attending clubs.	
£500	Widening the variety of fun based sports activities to motivate and engage children during lunchtimes	This will enable the school to engage those children who are not keen to engage with traditional curricular and extra-curricular activities and lead to more children engaging in more physical activity.	
£500	Purchasing new trophies, medals and effort bags.	To further extend the learning of the children outside of school time, the Collegiate has decided to set up its own Sports leagues. To ensure this event is prestigious (continues to raise profile) the School will also purchase medals and certificates to be awarded throughout the year.
